Hotel California

The 75-year-old building, new for a colonial period town, has become a landmark. Even a legend for those who believe it inspired the famous song by the Eagles, "Hotel California". It is rather the lyrics that have given inspiration for its rebirth as a boutique hotel. The Hotel California captures the mysterious charm of Baja California but with Mexican hand-blown glass chandeliers on the ceilings, not mirrors. Here spacious hideaways lead to private balconies overlooking the large pool and a gourmet meal may be enjoyed by the garden with the mission bell tower of Todos Santos in the background. Sometimes life does imitate art, "Welcome to the Hotel California, such a lovely place."

LOCATION

The small relaxed town of Todos Santos has attracted a growing artist population and is regarded as an oasis on the desert highway between Cabo San Lucas and La Paz. The Hotel California is at the focal point of this community directly adjacent to the mission at the town's center. Warm and vibrant sunrise hued walls make it hard to miss the Hotel California amid the sleepy streets of Todos Santos. The airports of Los Cabos and La Paz are a short drive away.

AMBIENCE AND APPOINTMENTS

The first thing you see on entering the hotel is the impressive and airy lobby. Red Spanish tiles cover the floor accented by turquoise blue walls and Mexican rugs – an explosion of bright colors. Sit and enjoy the special atmosphere of the Hotel California, enjoy the pool or have a drink at the bar. This hotel helps to keep the hectic world at bay, feel free to relax.

FOOD

Certainly not typical, the chef of Hotel California's elegant restaurant, La Coronela, prepares dishes with gourmet flair and a very creative touch. The seafood is always freshly caught, the bread baked that day and the exquisite desserts are made on the premises. The restaurant combines Mexican, European and Asian cuisine in a unique manner and invites our guests to a new taste experience. Complement your meal with a selection of fine wines. With that in mind, the menu is light hearted enough to offer as well burgers and "gourmet" sandwiches.
